

# Chords

Finish these statements by drawing lines to the correct endings.

A chord is	I, IV, V
A triad is	a way of naming chords with letter names
A riff is	2 or more notes sounding together
A cadence is	II, III, VI
Chord symbols are	the 2 final chords at the end of a section
The 3 primary chords are	made up of a root, 3 <sup>rd</sup> and 5 <sup>th</sup>
The 3 secondary chords are	a repeated pattern using the chord notes

True or false? Read each of the following statements, and say whether it is true or false.

A perfect cadence is chord I followed by chord V. \_\_\_\_\_

A piece of music usually ends on chord III. \_\_\_\_\_

The primary chords are named 'primary' because they are mostly used in junior schools. \_\_\_\_\_

When chord notes are arranged so that the root is on the bottom, the chord is in root position. \_\_\_\_\_

Chords can only be built on five notes of a scale. \_\_\_\_\_

The secondary chords are only used in minor keys. \_\_\_\_\_

An imperfect cadence ends on chord V. \_\_\_\_\_
